RESOLUTION NO. 4D-2026-02

RESOLUTION SUPPORTING THE DEVELOPMENT OF BIKEWAYS IN WARD 4

Advisory Neighborhood Commission 4D takes note of the following resolution submitted by Commissioner Jenn Kauffman:

WHEREAS, the District Department of Transportation (DDOT)'s stated MoveDC bicycle/mobility network vision is "a Districtwide network of connected bicycle routes that serve all residential areas, providing low-stress routes that are safe, comfortable, and inviting for all bicyclists, from children to seniors;"

WHEREAS, bikeways support greener transportation options for residents, and promote movement and connection with our environment;

WHEREAS, DDOT's June 2025 report, "State of Biking in DC," reveals that bike ridership is trending upward, and hundreds of bike crashes occur each year;

WHEREAS, Advisory Neighborhood Commission 4D passed a resolution on March 2, 2024 in support of Taylor Street safety improvements, indicating its support for Protected Bike Lanes on the Taylor Street corridor to protect residents who regularly commute between Wards 4 and 5 via this corridor, and that this corridor continues to be a concern in 2026;

WHEREAS, Kansas Avenue is an important bikeway corridor for residents of 4D, and the development of a safe bikeway from 13th Street NW to Eastern Avenue would protect families and promote greener transportation alternatives;

WHEREAS, Sherman Circle NW is an important community hub for ANC 4D and the Petworth Community, and DDOT should prioritize safety improvement at the circle for pedestrians and cyclists alike;

NOW, THEREFORE, BE IT RESOLVED that Advisory Neighborhood Commission 4D calls upon the DDOT to prioritize the development of a robust bikeway network in Ward 4, and to center safety and community engagement in its final 5-year workplan.

BE IT FURTHER RESOLVED that ANC 4D authorizes Commissioner Cava to represent the Commission on all official matters regarding this resolution, and to submit to DDOT by January 31 ANC 4D's recommendations for its strategic bikeways workplan that reflects the Commission's commitment to supporting safe bikeways and integrates community feedback from ANC 4D constituents.

Adopted this 21st day of January, 2026, by a vote of 8 in favor, 0 opposed, and 0 abstaining.
