RESOLUTION

Declaring a Second "Welcome to Park View" Sign Feasible and Authorizing a Request for Proposals

---

On Sept. 2, 2026, Commissioner Brad Howard (1E01) introduced the following resolution for consideration by Advisory Neighborhood Commission 1E, which was revised on Oct. 22, 2026:

WHEREAS, The Transportation and Public Space Committee ("the Committee") finds that the proposed second Park View neighborhood sign at the location identified in RES-6482 is feasible to pursue, subject to required permits and District approvals; and

WHEREAS, DDOT advised on September 16, 2026, that the proposed site is District-owned and outside its permitting jurisdiction, and the Office of Planning advised on September 23, 2026, that DGS appears to manage the property, possibly in coordination with DPR, and recommended obtaining DGS approval before applying for a sign permit; and

WHEREAS, The preliminary planning allowance for design, fabrication, site preparation, delivery, and installation is approximately $8,000 to $19,000, subject to refinement through competitive proposals and agency requirements; **NOW, THEREFORE, BE IT**

RESOLVED, That Advisory Neighborhood Commission 1E ("the Commission") accepts the feasibility study and finds the proposed sign feasible to pursue, subject to site approval, required permits, and final Commission approval of the design and funding; and

RESOLVED, That the Commission authorizes Commissioner Howard, working with the Committee, to seek DGS approval and confirm the applicable permitting requirements with assistance from the Office of Planning; and

RESOLVED, That the Commission authorizes the Committee to prepare a public request for proposals for design, fabrication, and installation; issue it once DGS confirms the proposed use and applicable site conditions; and seek and evaluate at least three comparable proposals; and

RESOLVED, That the Commission directs the Committee to solicit input through the Commission's monthly newsletter, make at least two attempts to contact at their doors the residents whose properties have a view of the proposed sign location, and invite public comment at the Committee's next regular meeting; and

RESOLVED, That the Commission amends the timeline established by RES-6482 to require the Committee to report its findings, recommendations, and any outstanding work no later than the Commission's November 2026 regular meeting, with final consideration to follow completion of agency coordination, proposal evaluation, community review, and a proposed maintenance plan with updated costs; and

BE IT FURTHER RESOLVED, That final design, vendor selection, and authorization of project expenditures require a separate Commission vote, and fabrication and installation must await the required District approvals and permits.

###

CERTIFIED**,** that Advisory Neighborhood Commission 1E, on Oct. 28, 2026, at a properly noticed regular meeting of the Commission, with a quorum present, adopted this resolution with 6 yeas, 0 nays, and 0 abstentions.
